

STIRLING[®]
Black Edition

AIR PURIFIER

25m² ROOM SIZE

Quick Start Guide

Read the full instruction manual thoroughly before use. It contains comprehensive assembly and usage instructions and important safety advice. This Quick Start Guide only contains brief instructions.

Assembly

- Before first use you will have to unpack the filters and install them into the appliance. Please consult the instruction manual for assembly instructions.

Usage

- Connect the air purifier to your mains power supply and press the POWER button to run the unit in default (auto) mode. The air purifier automatically controls the fan speed based on the air quality.
- The air quality indicator at the front of the appliance displays the colour that corresponds to the ambient air quality:

Green = Good

Blue = Average

Red = Poor

- Pressing the SPEED/MODE button, repeatedly, will toggle through the fan speeds and modes, as follows: Auto → 1 → 2 → 3 → Sleep → Turbo → Auto ...
- Pressing the TIMER button, repeatedly, will toggle through the timer options, as follows:
1 hour → 2 hours → 4 hours → 8 hours.
The machine must be on before the timer can be set.
